PROFESSIONAL EXPERIENCE

ABC | New York, NY

2016-2019

Financial Controller-AMEA

Hired into a leadership role within a globally-known manufacturer of beauty products with focus within a 2B USD market consisting of 30 countries throughout Asia-Pacific, the Middle East, and Africa. Provide insight and guidance in the areas of financial business planning, financial reporting, and strategy development. Instrumental in completing ROI analysis and financial modeling along with continuously assessing current market conditions both globally and market-specific.

- Successfully increased profitability levels by effectively negotiating prices/payment terms on behalf of the procurement teams and assisting Supply Chain Directors during site openings and/or closures
- Recognized as a subject matter expert in the areas of trend analysis, competitive positioning, macro-economic principles, and financial analytics/data analysis
- Utilized several cost-saving strategies to consistently hit cost-saving targets which has included 2.4MM USD (2018), 3.8MM USD (2017), and 1.5MM USD (2016)

ABC INC. | New York, NY

2015-2016

ASEAN Finance Manager

Strategic Leader within a global consumer goods manufacturer, tasked with maintaining financial planning and analysis for a region with annual revenue of over 500MM GBP. Worked closely with the Regional SVP to implement standards and practices related to P&L management, revenue management, and long-term financial strategies.

- Demonstrated a superior ability to make appropriate strategic decisions based on financial data and current market conditions along with consistently maintaining a significant knowledge of the product portfolio
- Played a lead role in annual budgeting in addition to spearheading monthly business planning for the region

XYZ COMPANY | New York, NY

2010-2015

Global Financial Controller Deputy (2013-2015)

Promoted to a leadership role and tasked with managing financial operations for the Travel Retail business whose global headquarters had been moved from London to Singapore. Coordinated financial functions for a brand-new legal entity, requiring the creation of standards and practices along with ensuring compliance with both IFRS and local GAAP regulations.

- Spearheaded the creation of a fully-compliant group of statutory accounts in spite of a large-scale organizational change involving operations in over 20 countries worldwide
